

Rig Capabilities:

Max Pile Depth	40m
Max Casing Length (single length)	40m
Pile Diameter Range	118-170mm
Rotary Torque	N/A
Main Winch Capacity	N/A
Auxiliary Winch Capacity	N/A
Crowd Force	N/A
Extraction Force (CFA)	
Maximum Reach (front of tracks to centre of pile)	6000mm
Mast Height	Min 4m
Min width	2500mm
Min operating width	2500mm
min delivery width	2500mm
centre of pile to existing facing structure	100mm
min working height	5m
max working height	N/A
operating length	4000mm
Weight - Tractor	20t-27t
Weight - Power Pack	N/A
Power	N/A
Delivery	20t
Hoses	Hydraulic
Features	Large Reach from Tracks
Options	Ductile/Screw
Attributes
