

Rig Capabilities:

Max Pile Depth	31m
Pile Diameter Range	450-1200mm
Rotary Torque	352kNm
Main Winch Capacity	320kN
Maximum Reach (front of tracks to centre of pile)	1660mm
Mast Height	28.5-33.5m
Min width	3200mm
Min operating width	4700mm
min delivery width	3200mm
centre of pile to existing facing structure	800mm
min working height	29m
operating length	10000mm
Weight - Tractor	92.5t
Power	405kW
Delivery	69.2t
Hoses	Concrete Line
Features	Large CFA Piles
Options	Rotary/CFA/Auger Displacement
